## COMPRESSOR UPDATE

We have agreed with Mr Irvine who sold us the compressor that he will  
refund us £1000 by monthly installments over the next year. He thought he  
was hiring a unit with a 3 phase supply but discovered after moving in it  
didn't. He was completely in the dark about the impact of the rewiring he  
had done.

We're happy to have reached an amicable settlement about a refund of  
some of our unexpected costs.
